

[Congressman Becerra assures Filivets of continued support](#)

Asian Journal of Los Angeles | August 28, 2010

LOS ANGELES – Representative Xavier Becerra, D-31st District of California, met with World War II veterans and members of the Filipino-American community at the Philippine Consulate General in Los Angeles last August 26.

Filipino WWII veterans aired their concerns and thanked Becerra for the advocacy he has done for them.

Becerra jokingly said "everytime I meet with veterans I get more work, but its work that I want to do."

He assured the Fil-Am community, particularly the veterans, of his unwavering support to all the veterans and their families.
